

Air blaster trigger inflator INVENTO PULSE 20L

INVENTO BOMB 20L Trigger Inflator – Instant Tubeless Tire Inflation!

Description

Trigger Inflator

INVENTO BOMB 20L Trigger Inflator – Instant Tubeless Tire Inflation!

Looking for an effective way to quickly seat tubeless tires? The **INVENTO BOMB 20L** is an excellent alternative to traditional "bazooka" type inflators. Instead of a conventional screw valve, it features a **quick-release valve** that, with the press of a button, instantly releases compressed air, delivering a powerful burst of air to rapidly seat the tire on the rim.

This tool is widely applicable for mounting wheels on passenger cars, vans, and trucks. Constructed with a durable **steel housing** resistant to damage, it ensures long-lasting and safe use. Additionally, it is equipped with a **strong and durable cast iron nozzle** for high efficiency.

The device has a **manometer** placed in a visible spot, allowing for easy pressure reading and full control of

parameters during use.

Key Features:

- **Capacity:** 20L
- **Quick-release valve** – instant air burst
- **Perfect for tubeless tires** – quick seating on the rim
- **Durable steel housing** – damage-resistant
- **Strong cast iron nozzle** – durability and reliability
- **Visible manometer** – precise pressure control
- **Applications:** passenger cars, vans, and trucks

Forget about time-consuming inflation – rely on the power and efficiency of the **INVENTO BOMB 20L!**

Technical data

Tank capacity: 20 liters
